***Raised Bill No. 348***

LCO No. 1402

Referred to Committee on Select Committee on Housing

Introduced by:  
(HSG)

***AN ACT CONCERNING THE INSPECTION OF PAINT FOR TOXIC LEVELS OF LEAD.***

Be it enacted by the Senate and House of Representatives in General Assembly convened:

1       Section 1. Section 19a-111c of the general statutes is repealed and the  
2       following is substituted in lieu thereof (*Effective October 1, 2002*):

3       The owner of any dwelling in which the paint, plaster or other  
4       materials contain toxic levels of lead and in which children under the  
5       age of six reside, shall abate or manage such dangerous materials  
6       consistent with regulations adopted pursuant to this section. The  
7       Commissioner of Public Health shall adopt regulations, in accordance  
8       with the provisions of chapter 54, establishing removal and abatement  
9       requirements and procedures for materials containing toxic levels of  
10      lead. The commissioner shall authorize, for purposes of inspecting the  
11      condition of paint containing toxic levels of lead, the following three  
12      classifications of paint conditions: (1) Good, (2) fair, and (3) poor. Such  
13      classifications shall result in an appropriate level of abatement or  
14      management of such paint in such dwellings. The commissioner shall  
15      authorize the use of any liquid, cementitious or flexible lead  
16      encapsulant product which complies with an appropriate standard for

17 such products developed by the American Society for Testing and  
18 Materials or similar testing organization acceptable to the  
19 commissioner for the abatement of toxic levels of lead, unless the  
20 commissioner disapproves the use of any such product. The  
21 commissioner shall maintain a list of all such lead encapsulant  
22 products that may be used in this state for the abatement of toxic levels  
23 of lead.

This act shall take effect as follows:
